

MATERIALS SAFETY & DATA SHEET

STATEMENT OF HAZARDOUS NATURE : **NON TOXIC**

Company : Agrimm Technologies Limited
Address : 487 Tancred's Road, P O Box 35, Christchurch, 8150,
New Zealand
Telephone Number : + 64 3 325-3311
Emergency Telephone Number :

PRODUCT IDENTIFICATION

Product name : **ONIONMATE™**
Other names : Onion rootzone starter granule
Manufacturer's Product Code :
UN No : Not hazardous
Dangerous Goods Class : Not applicable
Hazchem Code : Not hazardous
Toxic Substances Schedule : Not applicable
Uses : Biological soil inoculant

PHYSICAL DESCRIPTION & PROPERTIES

Appearance : Coated granules ranging in size from 0.5mm to 1mm
Boiling point : Not applicable
Melting point : Not applicable
Vapour pressure (mm/Hg) : Not applicable
Specific gravity : Not applicable
Flash point : Not flammable
Flammability Limits : Not combustible
Solubility in water : Insoluble

OTHER PROPERTIES

Bulk Density kg/m³ : 800 kg/m³
Rel Vapour Density (Air = 1) : Not applicable
Autoignition Temp (C) : Not applicable
% Volatile by volume : Not applicable
Decomp. Point (C) : Not applicable
Sublimation Point : Not applicable
pH (10% aq. Soln) : Not applicable
Viscosity : Not applicable
Evaporation Rate : Not applicable
Odour : Odourless
Reactivity : Not reactive

INGREDIENTS

Chemical Entity	CAS NO.	Not applicable
Active Constituent		Propagules of <i>Trichoderma atroviride</i>
Solvent		Solid

HEALTH HAZARD INFORMATION

HEALTH EFFECTS :

Acute	Swallowed :	Product has low toxicity - wash mouth out with water.
	Eye :	Prolonged exposure may cause irritation - irrigate with water.
	Skin :	Prolonged contact may cause skin to become dry.
	Inhaled :	Product as packed is a non dusty pellet.
	GENERAL :	<i>Trichoderma atroviride</i> is harmless to humans, livestock and the environment.
Chronic	GENERAL :	There have been no recorded ill effects from the use of <i>Trichoderma</i> species in over three decades of scientific trial and commercial use.
First Aid	Swallowed :	Wash mouth out with water.
	Eye :	Irrigate with water.
	Skin :	Wash with water
	Inhaled :	With prolonged exposure to air product may develop a dusty surface - repeated inhalations of this dust may lead to pulmonary hypersensitivity in some individuals.
Advice to Doctor :		Product is based on a non hazardous naturally occurring fungus plus food grade materials coated on to a grain based granule.

PRECAUTIONS FOR USE

Exposure Standards :	Avoid excessive visible dust
Engineering Controls :	Not applicable
Personal Protection :	A face mask may be advisable for repeated prolonged exposure to pellet if it becomes dusty.
Flammability	Not flammable
Other information	Non hazardous natural product.

SAFE HANDLING INFORMATION

Storage and Transport :	Store refrigerated in original plastic foil sachet or bag. No transport hazard.
Spills and Disposal :	Sweep up and remove for disposal - may be disposed of in compost.
Fire / Explosion Hazard :	Non hazardous.

OTHER INFORMATION :

No special precautions are necessary, wash hands after use.
