NURSERY

BENEFICIAL BIO-INOCULANT WP

**ROOTZONE BOOSTER WP
FOR
DRENCHING ALL
NURSERY PRODUCTION**

ACTIVE CONSTITUENT: 100 MILLION COLONY FORMING UNITS OF
TRICHODERMA HARZIANUM PER GRAM AT TIME OF MANUFACTURE

Agrimm[®]

Trichoflow Nursery is a wettable powder (WP) scientifically formulated with proprietary natural strains of Trichoderma in a nutrient promoter matrix. Trichoflow Nursery is designed to be drenched into rootzones where it will establish a dominant beneficial bio-inoculant population. This enhanced bio-activity stimulates root initiation and vigorous root growth which increased the assimilation and utilisation of micro-nutrients to give the plants faster growth and more resistance to adverse conditions.

Trichoflow Nursery is designed to be regularly applied to boost and maintain bio-activity at any stage of production. It may be used as an alternative to Trichodry Nursery when blending into media is impractical.

INSTRUCTIONS FOR USE

Mixing Instructions

Ensure the mixing tank has been thoroughly washed to remove any chemical residues before mixing Trichoflow Nursery WP with fresh clean water.

Always premix Trichoflow Nursery by adding the powder to water at the minimum rate of 500g to 5 litres. Mix and allow to stand for 5 minutes before adding to the dispensing tank which should contain a maximum of 200 litres. Ensure the dispensing tank is agitated continuously during application.

Application by Drench/Immersion

Apply at the minimum rate of 250g (1/2 the pack) per 100 litres. Drench or immerse all trays / pots in the suspension. Ensure good mixing and agitation to prevent settling of particulates.

Apply prior to sowing or setting cuttings and as a follow-up at monthly intervals. Use 250ml per hygiene tray per application.

EXCLUSION OF LIABILITY:

The manner of use of this product is beyond the control of Agrimm Technologies Ltd and the distributor and is subject to environmental factors. Except to the extent that the exclusion or denial of liability is prohibited under any relevant legislation the company expressly excludes any warranty as to the quality or fitness of any goods sold for any purpose whatsoever and deny all responsibility in contract tort negligence or otherwise for any harm or damage resulting from the use of such goods or from acting on the advice or recommendations as to such use given in good faith by any representative of the company or the distributor.
